

Support wellness care compliance with these client resources

Use the articles below to support conversations with your clients about their pet's wellness care, including why annual well visits and preventive care diagnostic screenings are essential to the health of their pet as well as what your clients can do to maintain their pet's health at home between visits.

Before the visit

What to expect during your pet's annual exam

Setting clear expectations about wellness exams is key to helping your clients see them as the standard of care.

What do we look at during a routine wellness visit?

Testing helps catch potential health issues earlier and may help clients avoid additional costs associated with treatments if disease goes undetected.

Find out how old your pet is in people years

Is it really 7 dog years for every 1 human year?
